Randy, attached please find the list of PRP's who have signed the AOC's. I do have one question, regarding the signatory for GE Betz, Inc, do you know if this is the parent company of GE Water and Processing Technologies. I only have the signature page for many of the entities so I can't directly relate it to whomever we sent the General Notice letters to.

Thanks for your assistance.

Cindy:

Have you received any more AOC signature pages since your last e-mail to me?

Regards,
Randy
